

Experimental Biology Laboratory
BSC 3402L
Light activation of a photosynthetic enzyme

Table of Contents

Schedule (Contents, Activities, Deadlines, Expectations, Grades).....	01
Scientific Background.....	05
Reading List (Optional).....	18
Chemical Resources—Reagent Preparation.....	21
Cocktail Ingredients: An Explanation.....	24
List of Suggested Minimum Experimental Projects.....	26
Preparation of a Buffered Solution.....	29
Spectrophotometry.....	33
Assay Validation.....	36
Calculation of PGal DH Specific Activity.....	38
How to keep a Laboratory Notebook.....	40
How to Write a Scientific Report.....	43
How to Write a Proposal.....	46
Draft Research Schedule.....	49
Final Research Schedule.....	50
Experimental Record.....	51
