

Mrs. Wetherington's son Frank was one of the supervisors when Berrien High, Alapaha, West Berrien and Nashville Colored School were built in 1953-1954 while my husband was County School Superintendent (Berrien). The contractor for the schools was from Columbus, Ga. Frank was a good worker & knew what he was doing. He worked with the Columbus contractor until his death—sudden heart attack—a few years later.

Frank was foreman for building the school. Frank married Idell Watson, Pleasant & Bessie Griner Watson's daughter.
