

Feb. 28.

I called Sam & Mary to see if they were going to Valdosta for lunch - They usually go to Valdosta, Lifter or Adel most Sundays -

They did go to Valdosta today per n Lake had potting soil & black cow (40# bags) on sale for 99¢ per bag - they got me 5 bags of each & a shovel. I used 1 bag potting soil, one bag black and a bucket of perlite to make my soil to pot plants. This is much cheaper than promix. I still use promix of certain plants.

The shovel was \$4.¹² & it will last as long as the \$1.⁶⁰ shovel there - Don't know ~~but~~ how we manage to break so many handles - Keith broke to handle out of our shovel yesterday digging holes for our blackberries - Tools doesn't seem to be as good as they should - at places the ground is real hard.
