had lots of paper work to do at night.
He had math etc. I started grading his

wanted me to.

The Richardsons lived in the little
house - got tended our half of the farm.

Sunday & tell us what to have get to
do the following week. W. H. knew very little
about farming - He had always been
school - W. H. gave me \$10.00 for the

Jet grew a good size cane patch on home
then decided he did not want the cane.

Jet & Dollie did help me to make up the
syrup - we made over a 1000 gallons cane were
11¢ each & syrup sold for 25¢ per gallon

first sewing machine, pedal type, it still seems
good later I had to buy a brand - Belkin
